

Subject: **Important news on the 2016 Fire Protection Symposium**  
Sent: 8/4/2016

The 2016 Fire Protection Symposium hosted by the Wisconsin Chapter of SFPE will be held on September 8, 2016 in Pewaukee, WI! Please visit <http://www.wisfpe.org/> for additional information on the symposium and the Wisconsin Chapter of the Society of Fire Protection Engineers. This year the DSPS will be providing information on code updates and frequently asked questions.

***Please register by September 1, 2016***

The following will receive 6 hours of CEUs approved by DSPS:

- Automatic Fire Sprinkler Contractor License
- Automatic Fire Sprinkler Contractor-Maintenance Registration
- Commercial Building Inspector Certification
- Commercial Electrical Inspector Certification
- Industrial Journeyman Electrician License
- Journeyman Automatic Fire Sprinkler Fitter
- Journeyman Electrician License
- Master Electrician License
- Registered Electrician Registration
- Residential Journeyman Electrician License
- Residential Master Electrician License
- UDC-Construction Inspector Certification
- UDC-Electrical Inspector Certification

Professional Engineers will receive a certificate showing course completion at the end of day. Registrants will receive 6 hours. You are responsible for maintaining the certificate for your records.
